Associate Membership Benefits

The Small School Districts' Association (SSDA) is comprised of over 600 members including school district, county office of education and associated business members.

Approximately 60% of districts in California with fewer than 2,500 students are members. The Association also includes school districts up to 5,000 students.

By becoming an SSDA Associate Member, your company gains direct access to the superintendents and trustees in these districts--through advertising, participation at conferences, regional meetings and various sponsorship opportunities.

SSDA works continuously to provide new, innovative opportunities that are beneficial to both our district and business members. These range from assisting member districts to find products and services to expanding our website to include links to company sites. Our staff looks forward to working with you to expand your business marketing success with small school districts.

The Small School Districts' Association publishes a newsletter five times per year. The newsletter is posted on the website and mailed to the SSDA District Members and Associate Members. It includes special notifications, educational news pertinent to small school districts, legislative updates, news about new members and the SSDA Community, legislative watch, and updates about our Superintendent Help Desk.

Limited advertising space is available in the newsletter on a first-come, first-serve basis. Therefore, it is very important to reserve space in the issue you desire well ahead of the publishing schedule (below) to coincide with your marketing efforts.
